Room 3 Class Report

Kia ora everyone,

This term we have welcomed five 'newies' to our Room 3 family; Aaleah, Hart-Lee, Miles, Maddex and Bear. They have settled so well and with the 'oldies' are having the best time ever!

Writing \rightarrow We are learning about how to write fantastic information reports about living and non-living things. We are really enjoying writing about different animals and can't wait to find out what else Miss Charleson has in store for us.

Reading \rightarrow We have been reading so many books this term and working hard on using our strategies to help us with the unknown words we come across.

Maths → We are working hard on learning our number knowledge at the moment. We have been looking at 'teen' and 'ty' numbers, our before and after numbers and place value. We have also been working on Statistics with Mrs Chisholm and making, reading and explaining graphs.

arning about what a

Religious Education \rightarrow We are working on our Church Strand and learning about what a Parish is and how we gather, celebrate and live God's presence.

Swimming \rightarrow We have been busy working on improving our swimming. We are becoming more confident and can swim using a board and some of us are pretty good without a board too.

Art \rightarrow We made glorious goldfish with Mrs Chisholm that were on display at the Peninsula Art Exhibition this week. We can't wait to hang them in our classroom and admire them.

Our New Space \rightarrow We love our bigger classroom. The best thing is that we have two kivas one has turned into "The Land of Stories" the other one is still "Under Construction" (we can't wait until next week when it's open!)

STEAM \rightarrow We are working hard on our Dunedin 2040 Project. We have been busy looking at ways we can help reduce the environmental footprint of urban development and make Dunedin a nicer and greener place to live.

See what we mean → best time ever!

Have a safe and happy weekend everyone!

Love from Room 300

Principal's Message

Social understandings and behaviours are closely interwoven with emotions, temperament, values, attitudes, knowledge and skills.

At St Brigid's we try to teach the students that in all interactions we have with others, it is important to always show love and compassion. That we need to be supportive of one another and demonstrate respect and care. Unfortunately, in the everyday learning and play situations children find themselves in, this can be easily forgotten. Just as with adults, sometimes children just don't get along. God created us each individually and gave each of us different gifts, talents and interests. Recognising and accepting these can sometimes be difficult. However, with some guidance, reflection and open communication we can learn to work with others.

In these situations, we work with students to restore relationships and develop strategies to deal with difficult situations they may find themselves in. We strongly encourage open communication in regards to the education of your child. Sometimes pressure to take every misdemeanour seriously and to step in to work out conflicts may result in interrupting a normal part of social and emotional development. We need to be careful not to dilute the value of everyday unpleasantness, and of children learning for themselves how to deal with it. There are times when we must protect and act and other times we need to learn to step back and let kids be kids when other social challenges occur.
